

ELECTION OF ONE UNDERGRADUATE STUDENT TO THE UNIVERSITY COUNCIL

Curtin University Act 1966

Terms of office: commencing on 1 January 2027 and concluding 31 December 2027.

CANDIDATE STATEMENTS

Tahni ROWE

I'm Tahni Rowe (she/her), a Chemical Engineering and Commerce student, and I'm running to represent undergraduate students on Curtin University Council.

I'm passionate about our Curtin community and have spent my university years advocating for students through clubs and student representation. From President of the Curtin Engineers Club to Guild Councillor and Vice President – Activities, I've gained extensive experience in student leadership and governance. I've also recently been elected your 2027 Guild President and NUS Delegate.

University Council makes decisions that shape Curtin's future, and I believe students deserve a strong, independent voice in those decisions.

I'll bring my experience, understanding of university operations and commitment to accountability to ensure student perspectives inform Curtin's strategic direction.

My priorities are simple: accessible and affordable education, a safe and inclusive university, and ensuring Curtin puts students at the heart of its decisions.

Tahni Rowe

Ebony Whitney

Hi, I'm Ebony! With Curtin facing a proposed university merger, choosing your student representative on University Council has never been more important. Students deserve someone who takes that responsibility seriously, asks difficult questions and stands up for our interests.

I've spent two years as a Guild Councillor and served as the 2026 Faculty of Business and Law Representative, scrutinising reports, challenging decisions and holding university leaders accountable.

I've helped lead the Stop the Uni Merger campaign, advocated for better public transport, affordable parking, safer accommodation and fairer rents.

My advocacy has secured commitments for a 2.1-metre fence at Vickery House, expanded free period products and a new equity space.

I study Law and International Relations and I'm the 2024 Julia Gillard Women in Leadership Scholar, recognised for my advocacy.

I bring independence, experience and a determination to put students first

Ebony Whitney
